**VBUZZER**

Linksys ATA
PAP2, PAP2T-NA

Configuration Guide

Find the IP Address

1. Lift the handset of the phone connected to your ATA, Dial **** to initiate the IVR Menu
2. Wait to be instructed to enter your command.
3. Dial 110# and the IP address will be played to you

Manual Configuration

1. Find the IP Address (above) of the device and open a web browser to the IP address of the device. IP addresses will typically start with 192.168…

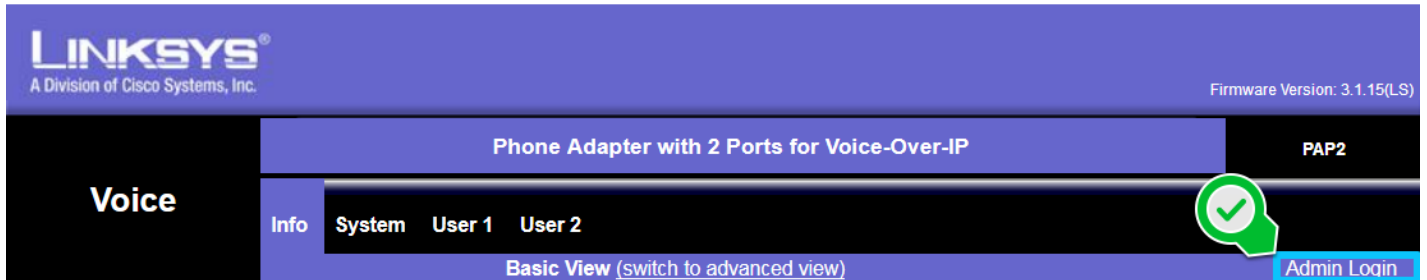

2. Login with the device user password. The default password is typically blank (no password) or admin.

VBUZZER

3. Click on the **Admin Login** option at the top right and login with the admin user.
After a reset, the default password is blank (no password) or admin
