

ZoiPer For Windows

Configuration

Launch your ZoiPer softphone client

From the top menu: select **Settings** then select **Create New Account**

In the Account Type section, select SIP and click next:

In The **Credential** section, complete the following fields, then click next:

User: Your VBuzzer Account ID*

Password: Your VBuzzer Account Password

Domain: sip1-on.vbuzzer.com

*not your VBuzzer Username (your username is used for accessing the VBuzzer User Portal).

Online +	😰 0 new 🛷 0 missed 🎯	

In the **Account name** section, enter the name you wish to identify the account (ie: VBuzzer), then click next:

You are done! Click **Close**

Your softphone device should now be registered to the VBuzzer network.

You should now be connected and ready to place calls on the VBuzzer network.
